

## Mp3 Spingere - Perfetc

[DOWNLOAD HERE](#)

A mix of electronica, ambient and the wonderful tones of the Warr Guitar. 10 MP3 Songs in this album (46:19) ! Related styles: ELECTRONIC: Experimental, AVANT GARDE: Sound Sculpture People who are interested in Brian Eno Robert Fripp should consider this download. Details: Spingere is mostly Will Cruttenden - bassist and vocalist for Oxford bands Soul Beaver and Bridge Street. Perfetc is the following up to the more somber and experimental Coffee-Housing. Which isnt to say Perfetc doesnt have its odd moments. The broken up melody line of The Dreaded D and the ghostly noises of the title track mark it out as something different from the mainstream. But there are more obvious melodies here and, most significantly a common thread on all the tunes, which is Wills playing of the Warr Guitar (sometimes known as a Touch Guitar). Standout tracks include the live soundscape Forest Walk and the monstrous closer Harmartia.
