

## Mp3 Vera Deirdre - Became Flesh

[DOWNLOAD HERE](#)

Became Flesh is an album that sounds best played from an old Victrola gramophone, placed on a dusty windowsill, next to a hundred year-old oil-on-canvas waltz 9 MP3 Songs FOLK: Modern Folk, FOLK: Folk Blues Details: Vera Deirdre, which means "truth and sorrow," is a Milwaukee based band that features female vocals a-top various woodwinds and at times wispy / heavy drums... A recent article describes their sound: Vera Deirdre contains a notion of depressed candle-lit ballrooms, or along its rougher edges, of sad smoke and brick blues-club basements. This notion does not over-present itself in the music; instead it appears vague, a mood that creeps in from the background to set the listener adrift...And on the album, she sound as if she's sitting right next to you, on a chair in an empty room with a hardwood floor. The CD, released in March of 2003, has already been widely accepted and praised by the local community. Their album is being featured on bottlefed recordings (bottlefedrecordings.com), a new and upcoming label.
