The amazing heaviness of the guitars mixed with angelic vocals and harmonies make this the most unique and incredible cd you will listen to... ever. 13 MP3 Songs ROCK: Modern Rock, METAL: Industrial Metal Details: .click. was born from old bands and old ideas. As their preceding identity grew obsolete and became irrelevant, the four members morphed into what is now .click. .click. is a twisted blend of heaviness and pop listenability. Slicing guitars and thunderous low end combined with swirling futuristic sounds and vocals that stick in your head long after the song ends. Layering many influences and textures, .click. is composing the soundtrack for the new millenium. Here is a review fresh from Megakungfu (megakungfu.com): With high regard for the evolvement of sound displayed within rE: construK tion, my hopes for the newest effort from the Baltimore based band were considerably high. Even so, my anticipations were not near prepared for the hard-hitting completeness I discovered with .click.'s Gently Unraveling. Heavy guitar deeply piercing... downcast bass implying inescapable darkness... extraordinary drums shadowing undiminished chaos like clockwork... appealing melody, at times so harmonious the severity of the instrumental attack is momentarily tuned out. Each instrument powerfully contributes to an imaginative sound synthesized with profound poetic lyrics to reveal intense thematic feeling. The concepts, often regarding abstract states of being, are not entirely direct allowing for vast interpretation. Emotions stirred throughout the album are very real and extremely honest, striking a personal chord with any listener. Only three seconds into "the.end.of.everything" and you're doomed, spirits falling. Overpowering bass and dominant drums produce a solid repeated rhythm throwing you into a dark trance of feeling. As soon as the chorus begins, you're slammed with attractive harmony set by both vocalists. Yet, darkness prevails as heavy guitars accompany the notable rhythms immediately contrasting any positive feeling. The components of this song alone display astronomical variation of
