Reviews: "Guitarist, producer and arranger Fabio Mignola's latest release is "Flyin' Away" a superb CD for any smooth jazz guitar fan. From the opening track 'Morning Fun' you'll be completely swept away with Fabio's mastery of the guitar." David Williams - ECHO SMOOTH JAZZ - UK "3 out of 4 Stars...Mignola gives the listener a style much like Peter White and Acoustic Alchemy. It's very cheerful and at the same time, very relaxing. My personal favorite tracks were "Morning Fun" and the title track. I liked the CD and hope it goes far." Mike James - SMOOTH JAZZ AND MORE - USA "This month's featured artist is: Smooth Jazz Guitarist, Producer Arranger Fabio Mignola from Switzerland...Fabio Mignola's guitar-playing is a cross between Earl Klugh and Peter White. I found this CD an excellent Smooth Jazz CD." David White - WHITESTER RADIO-SMOOTH JAZZ - USA "Fabio's guitar playing is well suited to

the discriminating Smooth Jazz fan whether they be from the U.S., Britain, Canada, Germany or anywhere in the world where beautiful music is appreciated. The opening track, "Morning Fun" quickly asserts his mastery of his instrument as he begins the album and our day with an enjoyable wakening tune. The title track, "Flyin' Away" manages to lift you to new heights of Smooth Jazz appreciation as he weaves an intricate tapestry of sounds and sensations...Probably my favorite track from this album is the romantic ballad "Slow Dancin'". Songs like that make me want to grab my wife and go from one end of the house to another entwined in each other's arms with eyes only for the one you love...All in all Flyin' Away is very good ear candy with substance. Fabio probably isn't breaking any trends or setting the standards for the new Smooth Jazz movements, but then again he does seem to know what we like. If he continues in this musical vein then we should start hearing more from him over here in the Western Hemisphere. Fabio Mignola has the chops to make a name for himself in the world of mainstream Smooth Jazz."
