Craigie's most intimate and personal album. His "Blood on the Tracks". 13 MP3 Songs FOLK: Modern Folk, FOLK: like Joni Details: Forged in the crucible of heartbreak and longing, "Soft Hail" is John Craigie's most intimate and personal album yet. Originally conceived of as a "lullaby" coda to his previous record "A Picnic on the 405," "Soft Hail" evolved in the studio into something much, much more. With The Accidental Poets and a host of talented guest players on hand for the recording, Craigie Co. found a renewed focus on crafting sonic moods and atmospheres to match the emotional heft of each song. The result is a thematically and aurally uniform collection of songs that chronicle the bittersweet life of a traveling folk singer with stark and compelling honesty. People who are interested in Dan Bern Greg Brown Todd Snider should consider this download.
