

Mp3 Michael Vernusky - Blood That Sees The Light

[DOWNLOAD HERE](#)

Avant garde composer and classical guitarist Mike Vernusky's debut release-- featuring dark works for an intermixture of electronic and acoustic instrumentations. 6 MP3 Songs ELECTRONIC: Experimental, CLASSICAL: Contemporary Details: When people think of Texas, they don't often think of experimental music, but Austin-based composer Michael Vernusky is quietly countering that perception, taking his unique music across North America, to Europe Japan. Four years in the making, his debut LP showcases meticulously detailed performances of his emerging talent. Listeners new to his sound are likely to remark at how well he balances electronics and acoustic languages. The music takes you along an emotional journey through passages of meditation, despair and hope. The ethereal spaces, lushly dissonant harmonies, walls of noise, and the varied instrumentations demonstrate a musical language of a refined and impassioned taste. If only Ambiances Magntiques was based in Dixie... Triage Music International ***** Vernusky is a composer actively writing in a variety of media, including those of electronic, filmic, and other visual environments. He was the grand prize winner of the 2004 Digital Arts Award in Tokyo, and recently was a guest composer at the Rotterdam International Film Festival, The Netherlands. He also scored two Official Selections of the 2006 Tribeca Film Festival. :::::::::: His music has been performed across the globe in such places as Japan, France, Greece, Korea, and Australia. Vernusky received a BM in guitar performance and composition from Mercyhurst College, and completed his work in composition at the University of Texas at Austin. :::::::::: Vernusky was recently an Artist Associate in Residency at the Atlantic Center for the Arts, as well as June in Buffalo. He is also featured on recordings with Spectrum Press, Capstone Records, Hive Records, and Displeased Records of Holland.
