After singing Opera in four languages for many years Miguel Angel Montalvo has decided to express himself in his native language, Spanish. He sings this Latin contemporary music with a full orchestra and classical guitarists. 10 MP3 Songs LATIN: Bolero, CLASSICAL: Orchestral Details: I would like to thank God for the Blessings in my life. In the music that I write and sing I try to convey a realistic picture of what many of us experience. I listen to my soul and hear the music encompassing the words. As a tenor with classical training I want to express the passion, the emotion, and warmth that a song so dearly deserves. My life has taken me on many journeys but this one is my destiny. I was born in Puerto Rico and at the age of three my family came over to the States and resided in the Bronx. I began singing for the public at the age of ten. Through out my life I have always had an interest in Classical music. In 1996 I began voice training and auditioned for the opera. I sang in Orlando and Tampa till 2004. Now I feel that it I am ready to share with you my passion. Enjoy!
