"Tribal percussion keeps clock while shamanic chants apostrophize friendly spirits, and sheets of disembodied tonality play footsie with dust particles..." - the isthmus, madison 7 MP3 Songs

ELECTRONIC: Ambient, ELECTRONIC: Trip Hop Details: MiLkBabY returns to the studio with their new line-up to record an amazing new disc. Features Barry Bennett (acoustic and electronic percussion, vocal, keyboard, knobs-n-wires) and Darren Shephard (electric guitar.) The songs range from quietly meditative to seriously funky and freaky. A must for improv lovers and for those looking for something a little of the beaten path. Full of great musicianship, driving beats and extreme creativity. MiLkBabY has honed its sound scoring plays and dance theatre pieces. Both tribal and techno, MiLkBabY creates lush sonic soundscapes. Fierce percussion, three dimensional synth textures, processed vocals, and the chemistry of the duo's improvisation create a phenomenal live concert experience. ...the trippiest of trip-hop Chicago Reader ...calls to mind never-visited places that are somehow familiar - Centerstage Chicago ...primal, memorable, and ominous - New City ...a weird wonderful mixture of world music - Chicago Daily Herald ...lilting yet harrowing - Chicago Sun-Times ...haunting - Chicago Tribune ...fiendish percussion chops - Chicago Reader
