Cooler than your average children's music, these fun and educational kids tunes are catchy and engaging with a bit of a folk/rock edge. 12 MP3 Songs in this album (22:11) ! Related styles: KIDS/FAMILY: Children's Pop, FOLK: Folk-Rock People who are interested in Indigo Girls Jack Johnson should consider this download. Details: Parents and students of Miss Carolines Music Class have been raving about Carolines rockin kids tunes! Carolines original music was written for her preschool music program, but her music is greatly enjoyed by non-students as well as kids up to the age of ten! Caroline Harrison is a singer songwriter of more than twenty years. With her own blend of contemporary folk, rock, and blues, she has been performing for audiences since she was seventeen. Over the passed fifteen years, she has reached more than a thousand children with her preschool music program. The songs on her CDs are often educational. Whether about the string or woodwind instruments, musical concepts, or varying themes such as dinosaurs, airplanes, and zoo animals, these fun and engaging songs get kids bopping to the beat. Some Parents Have Said: "We love the CD, David asks to hear it so frequently and he is very proud that you are his teacher". My one-year-old starts rocking as soon as I put your CD on!" My boys are in a dinosaur phase and they go crazy for the Dinosaur Beat song! My son loved the Dinosaur video, he made me play it four times in a row! We love the CD too. "Jack and I love the CD and we listen to it in the car. He gets very excited to sing along to the songs he knows from school".
