Straight up rock-n-roll with latin influence...bi-lingual 13 MP3 Songs COUNTRY: Country Pop, ROCK: Classic Rock Details: "All together now" is Morris Cardenas' latest CD. It is an array of great songs preformed by a collection of live and studio musicians that sounds like a who's who of Fayetteville, N.C.'s top talents. This CD contains three re-arranged and re-recorded songs from his first album and eight new original songs plus two covers, "Love" [John Lennon] and a special treat "Amigo" [Reberto Carlos]. Morris' Latino influence can be heard throughout this CD, especially on cuts #5 and #6 ["Amigo" sung in Spanish and "Keep On Doin'"]. The music on this CD reflects Morris' worldly experiences and insights on current and past events. His concern for the future of the children of the world ["Child's Innocence"], the plight of his homeland, El Salvador ["International Game"], and his tribute to the fallen heroes of the STS-107 Columbia Shuttle ["Houston Callin'"] are heartfelt and powerful messages for us to feel. There are no fillers on this album. Each song stands on its own merit. Recorded and mastered at Daxwood Studios by Doyle Wood and produced by Morris Cardenas [with a little help from his friends], "All Together Now" is a labor of love.
