Award-winning Boston Singer-Songwriter Anna Huckabee Tull is two parts Sarah McLachlan and one part Indigo Girls, and a dash of Melissa Etheridge thrown in just for good measure. 14 MP3 Songs FOLK: like Joni, FOLK: Gentle Details: Anna's OPEN NOW CD Wow! This is one incredible CD! A magical environment of delightful sound and intimate, touching music. Highly recommended. -Alan Foster, CEO, Songwriter's Monthly Anna's OTHER PEOPLE'S STORIES CD Beautiful. And brave. Anna is not afraid to take on anything. Captivating real-life dynamics and arresting vocals that soothe and chill at the same time. Put on this CD. It will be impossible not to be drawn-deeply drawn-into these "Other People's" stories. --Douglas Stone, Bestselling Author, Difficult Conversations: How to Discuss What Matters Most. Anna's LOVE ALL OVER THE PLACE CD In 20 years and with over 400 albums behind me, I find Anna's songs to be among the most lovely I've ever recorded. They capture life's beauty and struggles in unique and moving ways. Her soulful voice can be powerful and passionate, yet open and vulnerable. --Eric Kilburn, Grammy-Nominated Recording Engineer, Wellspring Sound, Acton, MA BREATHTAKING! There are no words to express what I am feeling as I hear this song...It's just so exactly, exactly right. Breathtaking! --Anita Wagner, Cambridge, MA SPECTACULAR Thank you for the spectacular songs you sang last Sunday. The one you composed through conversation with Bill had us all in tears. You have a wonderful gift. --Susan Hanson, Ripton, VT STUNNING I was given a copy of your Open Now CD for Christmas and boy do I feel blessed. I have seen a few of your local live performances, and they have always been inspiring and also have brought tears to my eyes, that you can voice so well so many real, adult emotions. The song "Margot's Wave" is one I had never heard before. It is stunning! --Elaine Merkel, Boston, MA RESPLENDANT Totally bathe in the resplendent glory of Anna's CD [Open Now] as it is the best example of what they contemporary singer-songwriter should be doing. --Jasey Schnaars, Delaware,

Ohio UNBELIEVABLE Those harmonies are intricate and deadly. Then there are the lyrics...unbelievable.

--Katie MacLean, Denver, CO TALENT, PASSION, AND FREEDOM From the first time I heard you sing I was DEEPLY moved by your talent, passion, and the freedom from which you share your soul. Both the content and production of your songs inspires me. I have a great deal of respect for you and what you do with music and how generous you are in sharing yourself and your music. Keep sharing! Your gift was meant to be shared!

--Kyle Brooks, Arlington, MA A CHILL STRAIGHT UP MY NECK About three chords in, I got this chill that ran straight up the back of my neck and I knew...this is it. This is the song.

--Bill Martin, Cambridge, Mass BEAUTIFUL A friend and I occasionally play our guitars together and last time she brought a cassette tape with her and said, "You've got to hear these songs. They are beautiful." Yes, you guessed it, it was Anna. And it WAS beautiful.

--Jennifer Jackson, Delaware, OH FABULOUS Your CD is fabulous. I'm sure that makes me about the millionth person who has said that. Doesn't make it less true. Jamie was listening to the CD up in our bedroom a few days ago, and it made her remember our wedding, and that made her cry. So I guess in brief, thanks for making my wife cry.

--Michael Moffitt, Eugene, Oregon AN ECSTATIC BUZZ ABOUT THE TROOM You are an amazing musician and the buzz about the room was ecstatic; you impressed everyone with your incredible voice and depth of songwriting.

--Katie McManus, Stow, MA Anna Huckabee Tull lives in Somerville, Massachusetts in a House of Testosterone consisting of her amazing husband and full-time muse, her two rumblin'-tumblin' boys, and a really old dog that was once a female but is now almost entirely estrogen-less (do dogs have estrogen in the first place?) She lives in a shockingly pink house, and yet its hue still somehow gets referred to as "salmon." Go figure. For many years now, Anna has spent a good chunk of her songwriting time crafting very special songs, on commission, for unique, individual events and people.
