The music you are about to experience is a blend of ancient Asia and modern day Western music. The soundtrack has heart-pounding, deep tribal sounds with drums of thunder, triumphant horns and angelic strings of tragedy and hope. A must have. 16 MP3 Songs ELECTRONIC: Virtual Orchestra, NEW AGE: New Age Details: "What you will get is an extraordinary blend of music and emotion. "River Shirakawa" is a musical confrontation of love and violence which spans into a musical saga. You'll also be carried away by the Western orchestration, with a hint of Asian mysticism, and a true musical painting in motion." The release not only marks his debut, but also solidifies himself as an artist who takes risks. "I know it's a gamble doing this project. It doesn't have drum machines, no singing and no samples, so it's not something that the mainstream audience is attracted to right away". But he says the music won't disappoint regardless of who's listening. The Detroit artist set out to record "River Shirakawa" to imitate a film score and an orchestra using the latest technical and musical techniques at his disposal. "The music is all electronic, but I didn't want it to be obvious", says the 31-year-old artist. "I want the audience to capture the meaning or imagine the portrait of what the music is painting. If the audience is listening to the mechanics, then I have failed. But if they're listening with their mind and heart- then that is true success". ****YOU CAN NOW PURCHASE INDIVIDUAL SONGS FOR 1 DOLLAR OR LESS!
