Higgins-Madewell is a combination of strong vocals, acoustic guitar and heartfelt lyrics, with originals that cover many genres and appeal to a wide range of musical tastes. 10 MP3 Songs COUNTRY: Country Rock, ROCK: Classic Rock Details: The music of Higgins-Madewell is a combination of strong vocals, acoustic guitar and heartfelt original lyrics that is difficult to classify as one specific genre. Their original music, for example, ranges from the country sound of their very popular "Like a Stone," "Spider Bite" which features a Delta blues flavor, and "Nothin' Like You" with it's soulful classic rock sound. Their music appeals to a broad range of people and their fan base spans from teens to retirees. Their stage compatibility and humor is often compared to Johnny Cash and June Carter. Both artists have dedicated their careers to music, have a broad background of musical experience, and in previous bands have opened for national acts including The Plain White T's, Rick Derringer, Firehouse, The Tubes, XYZ, Shotgun Messiah, Baton Rouge, Lillian Axe, White Trash, Hurricane, and Metal Church. Their influences include AC/DC, Sheryl Crow, Johnny Cash, Janis Joplin, Jimi Hendrix and Beth Hart. This may sound like a strange combination, but once you've seen them perform it makes perfect sense! Their versatility, professionalism, dedication and genuine love for the audience is very apparent. Erin Higgins' incredible vocal range allows her to cover everything from the low register of Billy Joel's "Piano Man" to Jefferson Airplane's "White Rabbit" and Guns N' Roses "Sweet Child o' Mine," then seamlessly flow into a performance of "Me Bobby McGee" that will leave you stunned. In addition she plays acoustic guitar and harmonica (she is also quite the fiddler/violinist!). She's been performing live for more than 10 years. Jeff Madewell has performed in live bands since the age of 16. After winning a battle with Cancer and the loss of the majority of his vision at 19, he dedicated himself solely to music and the music industry. He managed several of his former bands including "Madewell," who opened for national acts, received radio

airplay and traveled and performed at a multi-state level. He recorded and produced the Higgins-Madewell CD "Spider Bite" at his production studio as well as his former band Love Junkie's CD "Is This Us?." Both are solid evidence of his musical skill and understanding, and his commitment to quality sounding music. People who are interested in should consider this download.
