A powerful singer with an incomparably, unique style. 16 MP3 Songs URBAN/R&B: Soul, EASY LISTENING: Mature Details: My career actually took off in the early 90's when I sung "Don't Be A Fool" for Loose Ends. After this collaboration, I moved on to Germany and began by writing and singing lead and backing vocals for various bands (including my own, "Linda Carriere's Reality Check") and recorded for various artists e.g. Simon Collins, the son of Phil Collins, Xavier Naidoo, Sabrina Setlur and Laith Al Deen. Since being in Germany I've written songs for Randy Crawford and have opened shows for Elton John, Whitney Houston, Michael Jackson, Celine Dion and even toured with "The Soul of MTV" together with Bilal and City High. I am presently working on my new album which will be available soon.
