Blend together styles of rocksteady, reggae, ska, dub, rock a billy and their own latin flavor. 20 MP3 Songs ROCK: Ska, ROCK: Rockabilly Details: Big things always come out of Texas, and Los Skarnales are no exception! This band has been kicking around in the scene for a long time now (this is their fourth full length release) they even had a song "De Repente" on the Latin Ska Volume 2 Moon Ska compilation! Blending together styles of rocksteady, reggae, ska, dub, rock a billy and their own latin flavor, Los Skarnales are one of the best live acts I have seen in a long time, and this new record represents that fully. It's rare when an album comes along that captures the raw energy of a live performance, and this is one of those moments. Just like Buck said "They managed to capture SWEAT on tape."
