The new age of inner re-vitalization, healing, and heightening consciousness comes through relaxing and easy listening music. 7 MP3 Songs NEW AGE: Healing, NEW AGE: Relaxation Details: About Pheo Rose: Where does a person go when powerful emotions, often ones of pain, hurt, and confusion, swirl and tumble within. Pheo Rose, even as a child, turned to the keyboard. There, as fingers reached intuitively, expression, release, and a deep inner peace were found. The deeply moving and healing music first tended its composer. As others heard the musical outpouring they came and sat by the piano quietly drinking it in and saying at the end of a piece of music something like, Please dont stop; that piece is so soothing I want to stay in it more. A healing music outreach had begun. Simply one heart reaching for Love through the keyboard, and sharing that with others. For decades the music has been shared in prayerful situations, places of people in need; and many times without anyone to hear it, but it lifted up in prayer for all those who suffered. Beginning in 2007 technology was finally at the quality level for Pheo to record and produce music cds and mp3s. The musical pieces draw from decades of outreach to help ease the suffering. It is not surprising that these cds, with their healing touch, are being used in hospitals, hospices, treatment centers, healing centers, and are sent to individuals as requested.
