Afrobeat folksy roots reggae with social political and spiritual and upbeat vibes 10 MP3 Songs WORLD: Reggae, WORLD: African Details: Thank you for checking out the vibes. Cherubim vibes is that thing going on inside of me. That which always want to sing the songs of praise to the Great God Almighty. All songs, lyrics and music are inspiration from within, that are constant and never ending from its source. Coming to this realization, I have decided to share this vibes with the world. The message is simple, just like the father has said Love God with all your heart and love one another equally. I am here to do the Father's work like others before me. The Cherubim Vibes is a message in faith, hope, and aspiration for good will and living every where. This is the first volume, the second volume is in process. While you enjoy this volume look out for volume two. It is a bit slow with production right now, being the sole producer at this point. Expect the next volume soon. Feel free to contact me Rexsuru@sbcglobal.net. I have to jump, when next am here, I shall discuss the inspiration behind all songs, until then May God Bless All Living Souls Amen.
