GOSPEL: Country Gospel, COUNTRY: Country Rock Details: Fresh new music from the Buckle of the Bible Belt. These songs are destined to become classics!!! The Tucker Brothers are South Florida's best kept musical secret. They have opened for Willie Nelson and shared the stage with many touring artists. They are legendary for their many appearances at numerous churches and charitable events across the state of Florida. They are South Florida's best "twang" band. These songs are the most toe tapping, danceable gospel songs you've ever heard. This CD captures the excitement of the TBros in concert....(It was recorded live at an outdoor concert in Ft. Pierce, Florida). The songs: ===== "Country Gospel Sound" tells the story of small town church life, picnics, singings and playing music with friends. When we were kids, there was something special about the bible, especially the "Red Letters". This song celebrates the Gospel and the message of those words. Most people are familiar with the parable of the prodigal son. "Angry Young Man" is a boisterous retelling of this story. One of our most popular dance songs is also a Gospel classic, "Father's House". This catchy song will have you tapping your toes in no time. "The Truth Will Set You Free" is a beautiful ballad, reminiscent of Dylan. It is a definite stylistic departure for the group. "If You Have a Prayer" is a plea for an active Gospel. It is simultaneously catchy and thought provoking. A potentially controversial song, "Drunk from Galilee", is also one of the most compelling songs on this CD. It's directly from scripture, and will make you think. All together, these are amazing songs, from an extraordinary group - The Tucker Brothers!!! And, as always, this CD has been "Tuckerized" for your listening protection. Buy it today...Your satisfaction is 100 guaranteed!
