Announcing The Brand New, 6 Part, Step By Step Video Course That Shows You How To... "Finally, Tap into the Offline Goldmine...by Performing Simple, Yet Profitable Services For Offline Businesses That Are Begging You To Do Them!" From the Desk of: [Your Name] Dear Friend, There are many offline marketers who are making 4, 5, and even 6 figures by consulting offline businesses with basic online marketing techniques. That is a booming and lucrative industry and I know this because I've been moving part of my business offline. Now why is it lucrative? The offline market is lucrative for an online marketer, because many offline businesses don't know much about how to utilize online techniques to gain prospects. Many are relying on offline marketing techniques that just aren't converting and are dying out! They are using them because of pure ignorance, and spending ten's of thousands and wondering why they are not gaining anything back. Here's your chance not only to save them money, and to help them, but in turn it will help you. You see...lately there has been a rush of video products teaching online marketers how you can help offline businesses. A lot of these videos are great by teaching you how to

approach business owners and close the deal which is necessary! Once you've closed the deal and given these offline businesses several services, then what? They are they are going be hungry for more services, especially if you've helped them before. You see...The big misconception I hear from offline business owners is that they don't need a website because they aren't selling online. Now as tons of people are using the internet, and even doing their research about a business before buying from them, it is vital for offline brick and mortar businesses to access these searchers. So if their competition knows how to use this, they will soon be wiped off. For many offline business owners, this is a secret, and they don't understand it and that's where you come in. In any economy, recession or booming, businesses must turn to marketing to find their customers...and that's why during a bad economy, so many businesses with this attitude of not needing a website...FAIL! This big need will allow you to tap into offline business markets that will beg you for your help and because there are thousands among thousands of offline businesses in a down economy, you maybe even their last resort. Introducing the "Offline SEO Pro" Video Series This video series was made for online marketers who want to sell services to offline business, in terms of SEO; or how how to help offline businesses rank better in Google. As a fact, most of the world uses Google to search. 65 to be exact of the search engine traffic belongs to Google. So most likely they have heard of Google and Yahoo. So it would be wise for you to focus on the basics and for them to use these two systems. This step by step 6 part video series that takes you by the hand and shows you how to perform very simple services for offline businesses that can land you a couple thousand dollars, and help them get more customers! It's a win-win situation! Here's a list of this 6 part video series in more detail: 1. Introduction Remember that this is about you, the online marketer helping offline businesses. Realize that offline businesses don't know a whole lot, so you have to keep things simple in the beginning. In this video, you will learn how to keep things simple for them. 2. What Offline Businesses must need Remember that some Offline Businesses will live in the dinosaur age of marketing, so they do need some convincing. So when explaining to them what they need, it has to be very very simple, yet hit their hot spots, so they realize why it is important. You'll learn the basic tools they need to get started. Once you have these in hand, you can move on to videos 3, 4, 5, and 6. 3. Making SEO Friendly Websites Many offline businesses don't have a website, but some do. Even the ones that do, normally don't have SEO friendly websites. This is why SEO basics can be so important. Yes, they are basic, but to the regular offline business, it's complex. There's onsite optimization and offsite

optimization. The last three videos will help with some of the offsite optimization which can lead to ongoing services. 4. Google Local Business Many prospects will go to google to find a business in their area. If the offline business is not located in this directory, then it makes it hard for prospects to find them. Now there are a few tips and tricks that offline businesses must have, because being listed in the directory in itself won't do much good. If the business' competitor has done all that is listed in this video, they will literally take a large amount of the market. 5. Yahoo Business directory Google Local is powerful, but let's not forget Yahoo's business directory. There are millions of people using this directory, because while Google local is powerful, Yahoo business directory can often carry information about a business that Google does not that. Therefore, it's good to be listed in both directories for maximum exposure. Again, we'll discuss how you can get them listed as well as 6. Craigslist Ads Craigslist is no doubt another powerful source of marketing. While it has it's disadvantages, it has a lot of advantages for offline businesses. By now you will have gotten extreme exposure for your offline business customer. What about an ongoing service that you could provide that not only gets more prospects to your customer's website, but more recurring income for you? I'll also show you how to outsource your craigslist ad posting for a small monthly fee. With just two or three customers, you will be able to make this fee up quick, and start bringing in recurring income. So think about that. An extra \$500-1000+ per month on autopilot. So...with that said, grab this video series now and start making even MORE money by helping offline businesses by using simple techniques. Add this product to your cart now for only \$47 Regards, [Your Name] P.S. This is the most risk-free way to make money from offline businesses in this untapped market! P.P.S. If you don't want to go out and deal with your local economy, then that's fine. You can still make good money online, but you'll have to work a bit harder and make less money...
