Shes his target and his mate. Aw, hell! Book One in the Vampire Council of Ethics series. Beautiful genius, Carinian Derrickson, wants to live long enough to date a man from the future generations of spacemen, complete with ray guns and starships. Shes not crazy, shes just afraid of dying young of some dreaded disease, like all the rest of her family. Her research into gene therapy has shown her the way to extend her life is by emulating traits only before seen in fiction. Vampire fiction. Only the beings that shouldnt exist are very real indeed. Unknown to her, theres a bad boy vampire in the lab next door with a goal quite the opposite of hers. If he has his way, hell bring the Vampire Council of Ethics (V.C.O.E.) to its knees. Jon Bixler is a Seeker for the Council an assassin and undercover operative in a world of humans. Bix must get close enough to this rogue to find out exactly how he plans to dismantle the Council. And Carinian is just the ticket. But when he meets her, all his vampire common sense flies out the window as his libido leaps off the charts. Whats he going to do now that the woman is in danger and secretly trying to do the impossible? Bix and Carin cant deny the combustion of love and lust between them. They accept their mating.
