Details: With astonishing stage performances ACE BOOM KOON is a cut above the rest. With every track different from the next, Ace is one of the most versatile rap artists of today. You can put the disc in and just ride it out for all 20 songs. Ace has the ability to make music that people want to dance to in the clubs, and on the flip side he is also able to create music to make one think about the struggles people face in their lives. Unfortunately, to get to this point in his life he had to endure many painful moments. Ace started hustling in the street at the rip old age of fourteen. While in the streets Ace was involved in and saw many depressing and traumatic scenes which are reflected in his songs. His lyrics tell the many street stories of his pursuit of the American Dream through crime. After arriving in Florida Ace continued to hustle and was introduced to the lingerie modeling business. During a "business transaction" Ace shot it out with would be robbers, which resulted in a bullet to his head. Fortunately it did not do any major damage to him or his ability to write music. Ace moved back to Philadelphia with many experiences to write about and back in North Philly he got in the booth and created ten songs in one month. In Philadelphia everything was moving along in his pursuit to create a buzz for himself when the cops broke down the doors and shut down his moneymaking operation. Everything halted for him. Fleeing to Florida in order to avoid the law, Ace worked a 9 to 5 and at night ran an escort service called Elegant Escorts. Ace was then presented with the opportunity to open his own lingerie modeling shop. With no hesitation he made his lingerie shop a very lucrative business that again allowed him to continue to create music and invest in promoting himself. Now creating songs with mass appeal, Ace Boom Koons music shows a

new level of diversity and versatility. He has found hot producers that have helped him achieve the goal of creating a compelling disc with multiple hits.
