Exciting and enjoyable music where the violin is the voice and blends in with meaningful messages sang on vocals. New age rock with Celtic feel. 9 MP3 Songs NEW AGE: Celtic New Age, FOLK: Gentle

Details: Dan David, Canadian Songwriter/violinist Extraordinaire started the violin at age 6. He developed Perfect Pitch since an early age and was accepted to the McGill faculty of music on a full scholarship. While Classically trained, Dan discovered his hidden gift for songwriting (in his late teens) and began writing new songs where the violin is the voice of the music and where he expanded the boundaries of the violin by combining a rock, pop and unique Celtic feel to most of the songs - all which have a genuine message to express. Dan has developped a unique style of playing and writing, one that can describe his music as the Cranberries meet John Lennon. Enjoy. ** Supporting this CD will enable Dan David to release his follow up CD "There's Peace", which will feature 8-10 new songs recorded with a full band and full production. Please suppport this first CD release!! Your generous support is greatly encouraging.

Sincerely, Dan David Music
