This is a perfect mix of club / dance meets hip hop. Club music tricked out by the turntables, and funky out with hard hitting beats. 13 MP3 Songs ELECTRONIC: Dance, ELECTRONIC: House Details: This is the first club music CD by DJ Mr. Ice. Usually our material is RB / Hip Hop style, but this time I wanted to do something different. The New York New Jersey area is really big on club music, so naturally club music is always around me. I wanted to create a mix of club music crossed with RB Hip Hop, so this is it. This is a sound that is undeniably unique. The hard hitting beats of that club sound, phattened up with the turntable skills of the street DJ.
