A melange of jazz, folk, and alternative. 6 MP3 Songs FOLK: Modern Folk, JAZZ: Jazz Vocals Details: BIO San Franciscan Elaine Romanelli traveled to New York City in May with Tony Kushner and Maurice Sendaks high-profile collaboration, BRUNDIBAR. She liked the town so much she just moved there. SONGWRITING Lyrical and sincere, Elaines style on Better By Far is an amalgam of compelling storytelling and beautiful singing and a pinch of sass; Sarah McLachlin meets Tina Fey. If you like direct, intimate, sometimes lusty and sometimes introspective lyrics, and a clear, pure voice, then you will completely fall for Elaines music. If you like screaming, thrash metal, and a totally bleak outlook on life, then we doubt youre gonna like this album.
