

Mp3 Kim Oline - 5 A Ride

[DOWNLOAD HERE](#)

If Ben Harper was a sexy chick with a twisted sense of humour he'd write songs like these. 11 MP3 Songs POP: Quirky, ROCK: Modern Rock Details: Who is Kim Oline? Why should you listen to this album? Because every song on the album paints a different landscape, and a different world, because she's funny, profound, silly. Because she writes the kind of unique well-crafted worldly songwriting that doesn't make it on radio. Call it music for grownups with a past. Though Kim wasn't born in a barn, she lives in one now. She's been every kind of artist in the last fifteen years, but songwriting and singing are in her blood and in her bones. With her trusty sidekicks, Mike Hrin, Mark Inneo, and Mark McIntyre, she has crafted an album for your many moods. Please take two songs and call her in the morning.
