When the Beatles stopped playing blues and started writing their own stuff - that's where they're at - except they have harmonica, sax and jungle washboard. 10 MP3 Songs URBAN/R&B: Rhythm Blues, JAZZ: Acid Jazz Details: Track 1. KEEP ME IN YOUR MIND - trippy guitars, bluesy velvet appeal. A little 60's. Track 2. FREEPHONE LOVER - harmonica based groove, beats, guitars, washboard. Got an Indie feel. Track 3. CAN'T GET OUT OF BED - slightly downbeat sentiment with a funky feel, one of the faves on the album. Track 4. SUMMERTIME - this one's for all the funksters out there, funky sunshine vibe, saxophone eat your heart out, terribly cheesey but what the hell. Track 5. GLORY ROAD - acoustic, electric road movie vibe, good for driving to so wind down those windows. Track 6. TURN MY LOVE AROUND - sweet acoustic love song, sometimes you gotta do them. Track 7. FLICKERFLASH - harmonica, washboard, psychobilly stomp with some wierd and wonderful breaks and the best washboard you've ever heard. Track 8. SATISFACTION - bluenote style cool jazz on mushrooms. Track 9. U.G.O. - bavarian harmonica and washboard - German beer swilling idiots song. Track 10.
