In the spirit of classic light acoustic/rock ,singer-songwriter style. 11 MP3 Songs POP: Pop/Rock, BLUES: Blues-Rock Show all album songs: Talk to Me Songs Details: This cd became a tribute to my father. He passed this year (2007) in January when I was finishing it up. The song "Talk to me" wasn't meant to go on this cd. It was his favorite song so, it would be. Talk to me was actually recorded in Boston MA.in 1986 as a demo. There were some firsts on this cd. The biggest for me was the use and recording of live drums. I had never played drums before nor have had any experience recording them. All the drums with the exception of one were performed by yours truly. Did you just come here? was performed by Scotty that's Eric scott Tuuri, my nephew. I also recorded live bass tracks another first for me. I also dedicated a new song recorded lastly Ill never say goodbye was a simple to the point recording made in the style that he would have best remembered, live with no overdubs. Just a mic and a keyboard at once. I also dedicated the song Childhood to my mother who said I should do something with that music. I had played this riff for sometime and she liked it so, I did. Basically thats the gist of this cd. I hope many will find it enjoyable!
