Twisted Vizion represents the midwest with this banger. A raw mix of metaphors, Battle raps, And life how he knows it. A must have for your collection so BUY THIS SHIT. 8 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: Rap Details: Born Zachary Peck in Columbus, Ohio where he still resides. Growing up he had a love for written and spoken poetry. As an early teenager he was introduced to hip-hop, indulged the whole scene and quickly grew a passion for the art. He started writing and putting skills to the test with very talented mc's in Lawless' basement. At the time, known as Zakademiks, he and Lawless formed the FOUNDATION, credited with the local banger "WRITEN' ARM SCARS". After a near death experience the FOUNDATION grew closer only to go separate ways during his bid for felony assault. On work release for the same case he linked with Quest and collaborated to form the group SAVANZ and record a full length LP "LIFE'S ELEMENTS". Due to miscommunication and lack of commitment he and Quest also went separate ways. After that he struggled to find good producers and spent many nights battling local MC's at local night clubs only to come across a bunch of cats promising deals with BIG TALK but were really about nothin'. Since then he's recorded and pressed his first indie solo EP "COLD HEARTED" with support from the MAD WIZ, BIGG 'n', FRANK DUX, and R.Y.A.N. It's sure to be a banger but this is only the beginning so make sure to look for plenty more TWISTED VIZION in the future, including mix tapes, collabo's, and all that shit. My style is often angry and violent, just because that's the scene I grew up in, everyone wanting to fight everyone. Maybe cause my crew was on top and you know how haters are. Anyways, most of what I saw with friends was drugs alcohol and violence. We'd all express ourselves in different ways, mine just happened to be getting drunk and venting anger by stomping anyone willing to fight me. Which led to numerous encounters with the law, jail, probation, rehab, anger management, and all that bullshit. As I slowly grow methods change, but to me hip hop is life at its purest. It's how you feel

whether it be good, bad, pain, sorrow, happiness, or struggles we all go through. It's all in the music. For that reason, I'm going to continue to spit off raw emotion, tweaking skills to perfection and do what I do.
