[DOWNLOAD HERE](#)

At the behest of the woman in command of both his life and his affections, a man details his extraordinary journey towards a sometimes forced womanhood and the dominant and persuasive characters both women and men populating it. Ordered to write his/her story and his experiences at the hands of a number of dominant girls and women, Clare tells us of her first friend, John, and then her first girlfriend, Hannah the girl with most to answer for in making him the she that he is and for the range of experiences

to which she subjected him back then. Experiences so influential in both his sexual and personal growth.

WARNING: Story contains scenes of an explicit sexual nature.
