

The Human Person - Brian J. Bransfield

In the 20th Century three social revolutions-the industrial, sexual, and technological revolutions-challenged the religious convictions of many. John Paul II's teaching on the theology of the body was his response to the resulting societal shifts. Fr. Bransfield explores John Paul II's response to the challenges raised by these revolutions. In this context Bransfield then explores how Theology of the Body leads us to live the fullness of the Christian life. Author: Bransfield, Brian J.
