Folky pop rock that will inspire you to love, to live, to give, and dance. 9 MP3 Songs FOLK: Folk Pop, ROCK: Folk Rock Details: Andrea Lynn's eclectic blend of acoustic folk/rock/pop, powered by commanding stage presence and vocals, are part of what bring audiences back for more. Andrea has been playing music ever since she was old enough to begin banging on the family pots and pans. In high school, she took up the guitar and fell in love. Many of her songs have been written with her dad's good ol' Montaya in hand. "People inspire me to write music. And I write to inspire people. To love, to live, to give. To sing and dance along." The release of Andrea's debut album, "Butterfly Wings," recorded mainly at The Contemporary Music Center on Martha's Vineyard, brought in a flurry of praise and opportunity. The title track received airplay on 88.7FM WMMT, and many stages have since welcomed her presence and songs. Andrea's sophomore album, "Run To Me," offers a raw taste of this young artist's budding style. Stripped down to strings and vocals while infused with the talent of Blue Murphy on the acoustic upright bass, the flavor of the CD is a bit reminiscent of 1920s Swing music with a folky pop rock punch. Andrea plans to continue writing, producing, and performing music in Colorado.
