A.W.O.L. the phenomenal, philosophical, superlyrical looped to the spiritual, hilarious aquarius, metaphorically arrogant, no one can compare to it. 19 MP3 Songs HIP HOP/RAP: Hardcore Rap, SPOKEN WORD: Poetry Details: The artist formerly known as Stepdaddy has gone A.W.O.L., that is he has re-invented himself as Another Way Of Living. His latest album, Life Sentence., is his 3rd and it is a lyrical masterpiece. He combines his ill-azz metaphors of his previous style along with personal life experiences that include fueding with the Devil, pleading to God, and dealing with fast women, his ex-fiance, and the mafia, the shady music industry, and other snakes in the world. A.W.O.L. deals with some real life issues that anybody who ever went through some sh*t in their life can relate to. This album contains vivid stories, ill-witted lyrical madness for the battle emcee, and all-original tracks laced with some guest appearnces by future west coast lyricists that make Life Sentence. a banger! In 2000, Stepdaddy was featured in Rap Pages Magazine and BRE Magazine, and was very near to signing a record deal. But the young Step was still growing into the artist he is today and now is the time to move forward!!!
