(c)1999 BMI 10 song CD based on a true story. Controversial, but necessary. It's time to break the silence. Featuring musical participation from Matt Odmark (Jars Of Clay), Matt Slocumb (Sixpence None The Richer), Sarah Masen, Marcia Ware, Josh Schicker, Joel Tanis, and more. Jackman gives an authentic voice to those wounded emotionally and spiritually by an abortion experience. Written by Chris Jackman and Cordell Langeland, the sound is eclectic because the songs weave a storyline, with musical styles chosen based on the emotion needed for each song. The songs of The Choice take you from Gods view on abortion, the rationalizations, the clinic, the regret and despair of post abortion trauma to finding forgiveness and restoration in Christ. WHAT PEOPLE ARE SAYING ABOUT "THE CHOICE" CD: "Jackman is using music to communicate emotions and feelings that most people don't want to talk about. But there's a quality to music that is more conducive to making people be open to hearing about things like this. It was a brilliant idea.
