Peterson has also performed in theatre, and on television working in front of the camera, as well as behind the scenes in productions on television shows based out of Philadelphia. (ABC 10). She has also released a Music Video entitled "Crystals in the Sand" which met with wide critical acclaim and airplay. In addition to her vocal talents, J.D. Peterson has studied songwriting in its many forms and genres. These include Country, Rock, Popular Standards, Folk and Jazz. Most of these styles were showcased on her album "The Rhythm of the Dream" which also received critical acclaim and sold out in its first pressing. Now remanufactured the CD is being promoted on National Radio where she is quickly gaining notice. Phillip Price of "Stereo-Type" magazine writes: "Peterson weaves a mighty voice throughout the eleven songs on the CD, effortlessly sliding from a breathy whisper to a bold brassiness fit for Broadway, all the while retaining a slight earthy sound. Echoing vocal arrangements mix with lush instrumentation eliciting a folksy feel, sometimes flowing, often quick and bouncy. Peterson's songs are an emotional and sentimental glance into her life." (4-01 No. 101) Tony Novicke writes in "Sound Expressions": "Subtitle hypnotic vocals with fantastic guitar. Many styles carefully and tastefully blended with great precision, soon to be imitated by many. Highly recommended." J.D. Peterson's music has been the subject of feature stories in many newspapers, including "The Philadelphia Inquirer" in addition to

radio airplay and wide media exposure. Currently her songs "New Beginning" "My Heart Flies" are receiving regular airplay and national exposure for the artist on FM Radio station. In addition several of her songs will be featured on the soundtrack of an upcoming DVD release (Yet untitled) with international distribution. In addition to her Vocal and writing talents J.D. Peterson is also a Recording Studio Engineer which gives her the versatility and knowledge to create the sound she is looking for onto any of her recordings. She is well versed in all aspects of the creation of her recordings and always produces her Compact Discs, retaining all final decisions in production.
