

Mp3 Kevin Amann - There

[DOWNLOAD HERE](#)

Vivid and introverted Rock; Groovy and dramatic; Stylistically various and utterly unique. 10 MP3 Songs
Rock Emo, Rock Reformist Rock There Songs Details: On his debut album "THERE", Kevin Amann performed every instrument, track by track, erecting an album of a different nature. He wrote the music over a few years and laid it down digitally in 7 days. The result is a one-man manifesto that reaches a new level of synergy. From the first bar to the last chorus this record was forged by a singular consciousness. The theme of the record is the exploration of spirit within and without the mind and the human race. THERE is the place that we've all visited for moments when the world melts away and a perfect unity is reached. The construction of the album and the final product was and is an adventure through the soul. May it further your journey THERE.
