Cabaret and Standards Crooner, jazz and pop vocals Some time ago renowned lawyer and singer Len Leeds represented a client who had been diagnosed with breast cancer. 12 MP3 Songs EASY LISTENING: Cabaret, EASY LISTENING: Crooners/Vocals Details: Len Leeds Len Leeds is one of the most highly-regarded and successful employment attorneys in the New York metropolitan area, a man who has spent his career passionately defending the dreams of others. Though decades before he got involved in helping others realize their dreams, he realized he had a dream and passion of his own...to perform. Perhaps it was during his childhood when he used to accompany the jukeboxes in his parent's hotel. Or maybe it was years later when friends and family saw that his presence behind a microphone was every bit as commanding as his presence in court. As a founder and senior partner at Leeds Morelli Brown, Len specializes in cases involving workplace discrimination, civil rights, sexual harassment, and unfair dismissals. He has made a career out of breaking new ground, out of showing what happens when a person pushes the envelope. Love Will See Us Through is a vibrant testament to the passion and drive that is Len's signature style.
