A stunning, melodic, funny and serious collection of acoustic guitar instrumental pieces that reflects the pains and joys of raising children from birth to their individual independence. 13 MP3 Songs FOLK: Modern Folk, EASY LISTENING: Mature Details: Dreaming of Home is Peter Neri's second solo acoustic guitar instrumental CD. With a concentration on melody and composition as well as technique, this CD soars and inspires. You will find yourself humming these songs long after you have heard them because of their well-crafted content. Using a variety of guitar tunings, Peter continues to break new ground on acoustic guitar. Compared in reviews to Adrian Legg, Leo Kottke and Michael Hedges, Peter carves out his own unique style that began with his first CD, Night Visions (also available at CDBaby). This CD works well both at high volume while cruising in your car or cleaning the house, or at low volume as a non-intruding texture of "joyful noise" that is tons more interesting than traditional "background music".
