True Hip hop music, bringing it back to its purest form of original lyrics and a wonderful form of music instead of a mainstream way to make money. 13 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, HIP HOP/RAP: Hip Hop Details: Wutup, my name is Dan Smith, I am from Boston. I love hip hop music and have been listening to it my entire life. I started out listening to wack shit like the rest of the world until I realized that what is on the radio wasn;t real music. Thus, I began to listen to underground and all the real emcees. I have been beatboxing for freestyle circles ever since I can remember, so this is what introduced me to the hip hop game; but I was always a good writer, and have been writing since kindergarten. So I decided to combine my ability to write and my love for hip hop and have been writing ever since. I think it is safe to say I have developed into a deep, hard-spitting lyricist. In November of 2003, I opened for Talib Kweli at Tufts College. Now I am graduating high school and I hope to attend Columbia University next year. I worked on my album for several months, and have been writing songs that appear on the album since 3 years ago, so I have worked very hard. Please support my cause and the hip hop movement. Werd up, peace. --Supra
