Details: Privilege and Billy Woods are the Super Chron Flight Brothers, able to roll up faster than your blinds. They are both members of NYC supergroup The Reavers but have been recording together since Billy Woods' debut album "Camouflage". Their new full-length is "Emergency Powers; the world tour", featuring Cannibal OX, MF DOOM, Trife da God, and The Reavers. Hi-Coup is also member of The Reavers, and his solo album "Guerrilla Jones" is on its way from Backwoodz Studioz as well. Hi-Coup's alternately thoughtful and rugged lyricism combined with an indelible flow and distinctive voice have catapulted him to the top of Backwoodz fans "most anticipated" lists. "STRIKE ANYWHERE" is a treat for fans and an eye opener for the narcoleptic, a digital only release of exclusives, new tracks and hard to find goodies from these dynamic artists.
