Some truths were never meant to be known and some secrets were never meant to be shared. Montana Thomas goes in search of a father he never knew and finds the reasons behind his mother's years of silence. With his mother recently dead and not even a name to start with, Montana and his brother Dakota begin a journey to find not only their unknown father, but their culture. The Indian heritage denied to them from the moment of their births. Will Montana be able to accept his father and the truth behind his disappearance? Will he be able to accept the truths about himself once his past is revealed? Or will he wish he'd left those secrets buried.
