A death triggered a sequence of events that led to Catharine Ann Chandler's abduction. A distraught father finds her in a nomadic Berber camp where he discovers values that remain hidden to the Western way of life. Every page lifts the veil from reader's eyes to show a world full of values that we have lost. Morgan Chandler lived his business life in a selfish and ruthless way until life stopped him in the fast lane. The death of Ramsay McGowan's son triggered a sequence of events that led to Catharine Ann Chandler's abduction from the university town of Durham. Contact with forces, not of this world, led a distraught father to the Atlas Mountains. Ways of life unknown, and alien to western civilisations, were encountered and studied. The networking of Moroccan families gave the path of discovery to a rehabilitated daughter. Learn of a culture, and beliefs, that have been retained for many hundreds of years. Read of spirit intervention, and a death bed confession, that gave direction and hope against impossible odds. Absorb the atmosphere of a mixed blood marriage that creates for the recipients a life to be desired and cherished. Allow yourself to be placed in a position of unique choices for the lost daughter rediscovered. Compare countries that have great divides. Be prepared for self examination of all that you
