Twin Temptations Elizabeth Lapthorne Book 6 in the Rutledge Werewolves series. Samantha Monique Rutledge is happy with her life. She has her work as a PI, an extended family whom she adores and a twin brother blissfully in love. After being introduced to Callum MacLennon, who is about to leave for a long-term project in Australia, Sam willingly gives in to temptation and indulges in what she believes will be one night of raunchy, make-her-scream sex with no strings, no lingering emotions and certainly no complications. Eight months later, Sam still can't get the delectable man out of her mind. Not only has Callum returned, but two little wolf cubs have gone missing, and her twin brother Alexander wants her to discreetly investigate whether her one-time lover had anything to do with it. Balancing herself between the twin temptations of finding the lost cubs and indulging herself in her lover, however, is harder than she could have believed-especially since Callum is making it crystal clear that he's all for them giving in to temptation and solving this puzzle together, intimately.
