"The 30 Minute Software Creator" (Powered by the Instant Software Machine) Innovative Internet Marketing Tools "Imagine Being Able To AUTOMATICALLY Create Professional Looking Profit-Pulling Software Applications In Just 9 Incredibly Simple Steps... all in About 30-60 Minutes!" What if you could have a professional software designer on retainer for you 24 hours a day 7 days a week that could create software applications whenever you wanted all for just a one time low payment? Imagine the money you could save or better yet imagine the potential profits you could bring in by creating and selling your own software! Sound like a pipe dream?... Well its not. And in a minute Ill show you exactly how you can get this amazing software generating tool for your own use. Do you have thousands of dollars just lying around to hire a programmer to write code for your next software idea? I would venture to say probably not. Do you have the time to learn programming language and write the code yourself? Maybe if you dont mind waiting ten years before youll be any good at it. Now imagine this Youve just come up with an idea for a software application that could significantly help solve a nagging problem in your niche. What do you do next? Do you just sit there wishing you could find someone to design the software for you, do you wallow in self pity because you know you are about to miss the profit boat again simply because you dont have the resources to make your idea a reality or do you open your software-generating program, put in the recipe and whip out that new software within the hour. Personally, I prefer the latter. Its already a proven fact that people not only love software, they will pay for it. Most folks are lazy and if you can

provide a legitimate alternative to work theyll jump all over it. Now Theres An Affordable Way to Create Your Own Software Without Spending a Fortune! Why should only a select few have the chance to make their own software? Everyone should have a fair chance to create and sell their own software without going into eternal debt or maxing out their credit cards. Thanks to this exciting design in software technology, you can make practically all the software you want instantly at the push of a button. Youll never have to waste your time or money again. This powerful new software will generate as many applications as you want you are only limited by your imagination. New to Internet Marketing? That fine too! Because The 30 Minute Software Creator is designed so even the newest of marketers can use it without difficulty. There are no scripts or codes that you have to enter and figure out on your own. You wont spend hours on complicated programming tasks or writing code. Just pop in a recipe and voila youre just a few clicks away from creating your very own software application any time you want! Plus, weve included an easy-to-understand quick start guide that will show you exactly how to get the most out of your software maker and maximize your income at the same time! Youll truly be amazed at all the things this one piece of software can do. Here Are Just A Few of the Virtually Countless Ways You Can Benefit From Using The 30 Minute Software Creator! * Unlimited Software Applications at the Push of a Button If you hire a programmer to design your software you get one application period.
