B.O.B.'s Fall By Veronica Chadwick , Lora Leigh The year is 2375 and the world is finally emerging from strife and war to present a unified struggle for peace. Life has returned to normal and once again, technology's focus can move from war and bullets to peace.and pleasure. Sexuality has changed, disease and unwanted pregnancies now controlled. Riding close on the heels of this new sexuality are the B.O.B.s-Battery Operated Boyfriends-a cybernetic invention created to please and pleasure. Life-size, life-like, the most sensual, most creatively arousing sex toys ever to be created were programmed for sex and were the answer to every woman's-or man's-dreams. Into this new world of heightened sexuality, erotic romance has re-emerged. Written and led by free-spirited sensualist Elyiana Richards, it has taken the world by storm. But Elyiana, living a contented existence far from the perks of conventional society, never dreamed she would experience a B.O.B., never thought that her greatest fantasy-to be touched, to be held by one certain man-would ever come true, especially in the way it did. Neither did her nemesis, The MacDougal, leader of Cyber-Tronics, creator of the B.O.B. Full of repressed sexuality and smoldering sensuality, The MacDougal, a man who has closed off his emotions and his needs, now leads the most

advanced sexual design ever envisioned by man. But when the man re-awakens, and the BOB sleeps once again, The MacDougal will remember what the BOB discovered-that there is nothing more sensual, more sensuous or heated, than love and the arousal that builds from it.Author: Leigh, Lora Author: Chadwick, Veronica Publisher: Ellora's Cave Publishing, Inc Illustration: N Language: ENG Title: B.O.B's Fall Pages: 00000 (Encrypted PDF) On Sale: 2010-04-21 SKU-13/ISBN: 9781419900174 Category: Fiction : Romance - Adult
