Why ConTEXT Ad Generator Is The Best Way To Monetize Your Web Traffic! * The generated ads are not obvious or blatant and can command a much higher click thru rate than regular PPC (pay-per-click) ads. * Can be used with any form of content such as blogs, forums, article sites, public domain material or online books. * Doesn't require any special knowledge or skill and can be live on your website within minutes. * Links open up in a new browser window, keeping your visitors on your site so they get the chance to return, click more ads and earn you more revenue. * Can be combined with any other PPC advertising programs you use (The more income streams your sites have, the better) * The links will appear exactly like any other link on your website. If you use style sheets they will follow the same format set out inside it. * Covertly converts the keywords into links without actually modifying the pages source. The links are created 'on the fly' the second a visitor lands on the page. * Protects your websites search engine position and link popularity by covertly disguising every link it creates. The search engines wont know your site has a bunch of affiliate links pointing out, so it will rank higher. * Tested to work in any browser, so you know everyone who visits your site is seeing and clicking on your new cash generating

affiliate links. * Compatible with any webpage regardless of the language its coded in. Works with html, php, asp and anything else. * No complicated modifications to your website required. Just insert one snippet of code and your done. * ... plus much much more! =====
