A completely automated Sales, Thanks, and Download System for PayPal, ClickBank, and EJunkie Retailers! Have you been selling digital items out of your WordPress Website? Now this is a cheap and simple solution for you personally! Digital Product Demon is a straightforward, simple to use wordpress plugin that does precisely what most WordPress site proprietors want when selling digital items using their WordPress website. Digital Product Demon combined with WordPress enables you to: * Easily sell digital items with only a PayPal account - PayPal is simple to use, however it does not provide a method to hide your ThankYou page or safeguard your download links. Digital Product Demon causes it to be simple to do both. It'll hide your Thanks page to ensure that only valid clients can can get on and it'll expire your download page and secure your download Web addresses to ensure that your links can not be shared or published on "pirating" forums. * Support multiple items in one ClickBank Account - Digital Product Demon allows you utilize separate sales, thanks, and download pages for every product you define. This means that place the multiple items in 1 ClickBank account but nonetheless display individually crafted websites for every product. * Instantly cloak your affiliate links - The advantages of

cloaking affiliate links happen to be talked about frequently about this forum and elsewhere. Digital Product Demon's AFFILIATE mode handles this for you personally automagically! * Safeguards your Download Pages - Download pages are only able to be utilized via a link which includes the buyer's purchase information. These pages will also be set to run out over time you specify - usually 3-five days following the purchase. * Safeguards your Download Links - create ugly, cryptic, expiring links that can not be easily shared or published on free gift forums * Hide your digital product's actual URL - anybody who sees your download link will not possess a clue by what your download filename is. Everything's all messed up with amounts, letters, and special figures that do not mean a factor to anybody your software. * Instantly generate PayPal, ClickBank, and EJunkie payment buttons - helping you save a lot of time fighting PayPal's button factory or designing your personal ClickBank buttons. Plus, because Digital Product Demon is really a WordPress Wordpress plugin, it: * is simple to set up - WordPress is renowned for its "5 minute install" and setting up WordPress plug ins (such as the Digital Product Demon) is really a cinch * is simple to keep * Causes it to be Simple to Add Content - including new sales or review pages * is Super Search engine optimization Friendly - Yahoo and google love WordPress * is simple to Personalize - both aesthetically with WordPress styles and functionally with WordPress plug ins * Props up biggest, free, most broadly used payment processor on the planet (PayPal) * Props up biggest digital items affiliate sales network on the planet (ClickBank) * Supports one from the biggest digital items delivery sites on the planet (E-Junkie)
