

External Burglar Alarm (int Window Open) (sfx Sound Effect)

[DOWNLOAD HERE](#)

This 60" recording was recorded in a town house across the road from the alarm sounding. The window is open so it is heard from an internal perspective but with reasonable clarity. See other files 'External Burglar Alarm (Int window closed)' and 'External Burglar Alarm' All files on sale by Sevenleaf SFX have been recorded by professionals and are available for you to download as 16 bit 48kHz stereo wav files. Previews are low quality mp3 files with security watermark beeps. Purchased files are broadcast quality wavs without watermarking.
