An intricate blend of Hip-Hop and Latin rhythm guitar, with jazzy vocals and enchanting harmonies. 14 MP3 Songs POP: Today's Top 40, HIP HOP/RAP: Alternative Hip Hop Details: I am a singer/song writer from Newburgh, NY and recent grad from Bard College (Class of 06', with a Bachelor degree in Music Production and Recording). Currently, I am seeking management, as well as a CD Distribution contract with a major record company. I have been playing the guitar and performing for nearly a decade, and my background includes a foundation in piano, drums, and bass guitar. Growing up in a big city has pulled my music in hip-hop direction, (which explains the beat-boxing and occational rhyming), but my roots run deep in Rock/Alternative as well. I'd consider my influences to range from Fiona Apple, Michael Jackson, Jack Johnson and Coldplay to Alicia Keys and Eminem.
