Unusual, beautiful, classical arrangements of traditional Christmas Carols. Nuances of Christmas 13 MP3 Songs CLASSICAL: Orchestral, CLASSICAL: Traditional Details: I love Christmas Music! I listen to it year round. On hot summer days I would open up the car in traffic jams in the city and blast Christmas Music...it cooled me and those in the other cars around me who could hear and no one objected. Sometimes we'd all sing along! Fun! I've been singing all of my life but Christmas music just has something special that draws me to it. I want to share the Joy of Christmas to everyone who will accept it, through my music.
