This acoustic record is driven by rich fingerstyle guitar work and lyrics that draw the listener into the boundry waters between the natural world and modern life. 10 MP3 Songs FOLK: Modern Folk, FOLK: Folk Pop Details: Kevin Muiderman has a unique story to tell. Besides building all of the acoustic guitars used to record his recent record, "Earthward Bound," (produced by the great Willy Porter) he also practices surgery by day. Enamored with the songwriting of artists such as Nick Drake and Bob Dylan as well as the fingerstyle guitar virtuosity of folks like Leo Kottke, Martin Simpson and Willy Porter, Kevin's own style tries to make each song evocative not only as a story but also as a guitar piece. Earthward bound, rich in its lyrics, vocal performance and various guitar textures, is a wonderful showcase for some of the songs Kevin has collected along his way. Grammy Award winning guitarist Al Petteway and Amy White say about the record: "[Earthward Bound] is beautiful beautiful beautiful!!! [We] especially loved the bridges/choruses - the turns of melodic phrase leading into those.. Just gorgeous. You made me Al cry when we listened to your music."
